

Innovation In The Box

ITB Packaging designs a series of Retail Packs for the Home Decor, Arts & Crafts, and Ornament enthusiast. We keep it simple- Our integrated collapsible box with glued in partitions come in a single sku format. This is designed to assure the customer purchases the box and partition as one pack, which enhances customer experience/satisfaction and assures the retailer the higher price sale from a single shelf space.

Moving & Storage

ITB's solutions can help fulfill your customers organizing, item protection, and storage needs. Our packaging solutions are great for isolating and protecting mugs, glassware, ornaments, crafting items, figurines, and other home or business items.

ITB Partition systems can come in nearly any size and layout along with varying material grades and substrates. With our solution already integrated into any box size customers will spend less time assembling boxes making storage and handling stress free.
